

Experience

The Scout Association of Nigeria · Online · Website Developer : <https://scout.com.ng>

Designed all the layouts and pages of the website for their registration portal, including the consumption of WEMA bank API to create an e wallet for all the scouts in Nigeria
Worked with the graphic design guys at Dotabel Nig Ltd. (The project driver).
Interpreted raw ideas into usable website
Created 2+ design presentations and proposals.

Hands on Academy · Online Website Developer : <https://hands-on.com.ng>

Hands on Academy believe that every organization needs that touch of excellence through customized trainings, consultations and personnel recruitment in order to bridge the gap between corporate mediocrity and excellence. To reach out to people who do not stay in their immediate environment, hence, having a wider audience, they reached out to me, I developed their website, Where you can see their events and know more about them

Royal Diadem Empowerment · Online Website Developer : <https://royaldiaademempowerment.org>

Worked with their team as a website manager, I update and maintained their website and also created a Google my Business account giving them more visibility on the Internet.

A lot of projects
